Total ...	18

Five out of these eighteen vacancies will be reserved for members of the minority communities as follows :—

Muslims	...	...	... 4
Other Minority Community		...	... 1

Half of the selected candidates will have guarantee of appointment.

Full particulars about these selections are given in the rules and regulations which have been published in the Gazette of India.

2. The test prescribed in the rules and regulations will be held on the 1st December 1938, and the interviews will commence shortly thereafter.

3. The selection will be a combined one for the purpose of selecting candidates for appointment as Apprentices to either of the abovementioned Departments, for one or both of which a candidate may apply to be admitted. If he wishes to be a candidate for both he should state this on his application form. He need send in only one application form. He will be required to pay the fees mentioned in the rules and regulations once only and will not be required to pay separate fees for each Department for which he applies. If he proves successful as a candidate for both Departments he will ordinarily be assigned to that Department for which he expressed a preference at the time of his application, but the Government of India reserve power to assign him to either of the Departments for which he is a candidate, if, in their opinion, the exigencies of the public service render this desirable.

4. The qualifications of candidates and the method of selection are contained in Part II of the relevant Rules and Regulations.

5. Age limits are as follows :—

(*a*) A candidate for Railway apprenticeship and for Ordnance Factories (other than the Metal and Steel Factory), must have been born not earlier than 2nd August 1919.

(*b*) A candidate for Metal and Steel Factory, must have been born not earlier than 2nd August 1914, and not later than 1st August 1920.

THESE AGE LIMITS CAN IN NO CASE BE RELAXED.

6. Any person who has appeared, or intends to appear at an examination, the passing of which will render him eligible for selection may also apply. His application will be accepted provisionally if he is eligible in all other respects, and he will be required to furnish to the Federal Public Service Commission, before the date on which the test prescribed in the rules and regulations is held, proof of having passed such qualifying examination.

7. Every candidate must apply direct to the Federal Public Service Commission on the prescribed form of application which must reach the Commission on or before the 15th August 1938, accompanied by the necessary documents. No application received after that date will be considered.

8. No allegation that an application form, or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or a certificate of posting. Candidates who delay their applications, or their requests for forms, until a late date will do so at their own risk.

9. Copies of the Rules and Regulations, Application Form, etc., should be obtained direct from the Secretary, Federal Public Service Commission, Delhi.

10. The Government of India reserve the power to modify the arrangements and rates of pay indicated in the Rules and Regulations according to the requirements of the services.

SIMLA,

The 23rd June 1938.

H. Hamill,
Secretary, Federal Public Service Commission.

The following Press Communique No. 213 (2) Tr. (I. E. R.) /38, dated 15th July 1938 of the Government of India in the Department of Commerce regarding the constitution of the Indian Tea Licensing Committee is re-published for general information.

By Order,
M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

PRESS COMMUNIQUE.

Subject :—**Constitution of the Indian Tea Licensing Committee.**

Section 3 (2) of the Indian Tea Control Act, 1938, requires that within three months after the commencement of the Act (which came into force on the 1st April 1938), the Central Government *shall* publish the names of *all* members of the Indian Tea Licensing Committee, and thereupon the Committee shall be deemed to be constituted. The Committee is to consist of 14 members, of whom 10 are to be nominated by bodies mentioned in Section 3 (1) (a), (c) and (d) of the Act, and 4 are to be elected by tea estates mentioned in Section 3 (1) (b), (e) and (f) in accordance with rules to be prescribed for the purpose.

2. As regards the 4 members to be elected, therefore, it became necessary first to obtain the views of the Provincial Governments and through them of the various bodies concerned as to the method of election : then to frame rules : and finally to hold the elections and publish the names of those elected, before the 1st July 1938, by which date the Committee must be completely constituted. This has proved to be impracticable within the limit of time prescribed.

3. The position now is that the Electoral rules are ready in their final form and will shortly be published but the holding of elections under the rules by tea estates or gardens widely distributed in various parts of India will require further time.

4. In these circumstances and in view of the mandatory provisions of Section 3(2) of the Act requiring the publication of names of *all* members of the Committee, the Central Government have, in respect of the 4 members referred to and after consultation with the Provincial Governments concerned, exercised the power of nomination under Section 4(1) of the Act and the names of all members of the Committee were duly notified in a Gazette of India, Extraordinary on the 30th June 1938. Such nominations have, however, been made on condition that members so nominated will resign as soon as elections can be held.

No. P. W. 840-2—S., dated 14th September 1938.

Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the lands measuring 81 acres and 14 guntas, be the same a little more or less, are needed for a public purpose, to wit, construction of the New District Offices at Mandya and under Sections 4 and 7 of the same Act, the Assistant Commissioner in charge of the Mandya Sub-Division is appointed to perform the functions of a Deputy Commissioner under the Act and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further directs that the possession of the said lands may be taken on the expiry of 15 days from the date of publication of the notice mentioned in Section 9 (1) of the Act. A plan of the lands is kept in the Office of the Sub-Division Officer, Mandya, and may be inspected at any time during office hours.

LOCAL SELF-GOVERNMENT SECRETARIAT

No. D. 3046—*C. S.* 29-38-2, *dated 22nd September* 1938.

In exercise of the powers vested in them under Rule 32 (3) of the rules under the Mysore Co-operative Societies Act as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to nominate (1) the Deputy Comptroller to Government, Bangalore, and (2) Mr. B. R. Krishnamachar, B.A., B.L., Retired District and Sessions Judge, Bangalore, as members of the Board of Management of the Mysore Provincial Co-operative Apex Bank, Limited, Bangalore.

No. G. 2974—*Uni.* 59-38-2, *dated 27th September* 1938.

The undermentioned letter D. Dis. No. F. 491-38—R.O.I., dated the 16th September 1938, from the Secretary to the Hon'ble the Resident in Mysore, is published for general information in continuation of Notification No. G. 4119—G. M. 73-37-2, dated the 24th November 1937 :—

Anti-cholera Inoculation Certificate.

Countersignature.

I am directed to refer to letter from this Residency No. F. 380-36—R. O. I., dated the 13th March 1936, and to the correspondence ending with my letter No. F. 185-37—R. O. I., dated the 12th November 1937, and to explain the intentions of the Government of India in greater detail. The question of inoculation certificates against cholera and vaccination certificates against small-pox has given rise to much controversy in the past and the Government of India are of opinion that the various orders and instructions that have issued from time to time should now be clarified beyond doubt.

2. This office letter of the 13th March 1936 mentioned above related both to inoculation against cholera and vaccination against small-pox and enclosed standard forms of certificates. The footnote to the form, in so far as vaccination against small-pox only is concerned, was modified on three occasions by instructions issued in the marginally noted letters of the Government of India, Department of Education, Health and Lands, copies of which were communicated to you with letters from this Residency No. F. 185-37—R.O.I., dated the 6th February 1937, 25th May 1937 and 12th November 1937. These modifications specified the particular countries which require the countersignature of vaccination certificates and also added to the list of authorised countersigning officers. It is now the intention of the Government of India to bring the footnote to the cholera inoculation certificate into line with the footnote to the vaccination certificate by specifying the countries whose Governments demand countersignature of cholera inoculation certificates and by bringing up to date the list of officers authorised to countersign. I am therefore to request that the footnote to the cholera certificate should be modified to read as follows:—

Letter No. F. 36-65—35—G, dated the 10th December 1935.
Letter No. F. 33-76—36—G, dated the 20th March 1937.
Letter No. F. 36-65—35—G, dated the 7th October 1937.

"*Note* I.—In the case of a pilgrim proceeding to Saudi Arabia, a certificate issued by a Registered Medical Practitioner other than a (i) Civil Surgeon, (ii) District or Municipal Medical Officer of Health, (iii) Director or Assistant Director of Health, (iv) Port Health Officer, (v) Chief Medical Officer of a Railway, (vi) Chief Medical Officer or Director of Public Health in an Indian State who possesses a qaulification included in the Schedules to the Indian Medical Council Act, 1933, (vii) Senior Medical Officer in charge of a Military Station, (viii) District Medical Officer of a Railway whether in British India or an Indian State who possesses a qualification recognised under the Indian Medical Council Act, 1933, and (ix) any other officer, who may be authorised in this behalf by the Government of India, must be countersigned by one of the officers mentioned above, the countersignature being obtained free of charge by the Registered Medical Practitioner concerned.

Note II.—When, as occasionally happens, the Iraq Government requires passengers arriving in Iraq from India to be in possession of a cholera inoculation certificate, the same rule (vide Note I) regarding countersignature of these certificates will apply."

3. It will be perceived from the substance of footnote II that non-pilgrim passengers from India to Iraq are *not* required at all times to possess cholera inoculation certificate. Such certificates are necessary only if and when the Government of Iraq intimates that they will be required. Intimation of this requirement at any time by the Government of Iraq will, as usual, be communicated by the Central Government.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

No. 558-62—*K.S.S.* 1425-29, *dated* 22*nd September* 1938.

Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. I of 1927, the Government of His Highness the Maharaja of Mysore declare that the lands measuring 17 acres and 31 guntas, wet, be the same a little more or less, are needed for a public purpose, to wit, for +124' contour submersion of Krishnaraja Sagara and under Sections 4 and 7 of the same Act, the Assistant Commissioner, in charge of the Special Land Acquisition Office, Mysore, is appointed to perform the functions of a Deputy Commissioner under the Act and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further direct that the possession of the said lands may be taken on the expiry of 15 days from the date of publication of the notice mentioned in Section 9 (1) of the Act. A plan of the lands is kept in the Office of the Special Land Acquisition Officer, Mysore, and may be inspected at any time during office hours.

LOCAL SELF-GOVERNMENT SECRETARIAT

No. G. 3050—*G.M.* 1-38-22, *dated 6th October* 1938.

The following communication received from the Consul-General for Belgium at Bombay, to the Secretary to the Government of India in the External Affairs Department, No. 3215, dated the 28th July 1938 and the note from the Belgian Consul-General is published for general information:—

Subject:—Note of Belgian Government regarding Regulations and Formalities to be observed by foreigners intending to settle in the Kingdom of Belgium.

I have the honour to inform you that I have been directed by His Belgian Majesty's Foreign Office, Brussels, to forward to you the enclosed Note with a request that you will be so kind as to bring it to the knowledge of the Departments concerned and to communicate it to the Political Residents in the Native States, for the information and guidance of persons intending to proceed to Belgium in order to settle permanently in the country.

I should therefore feel grateful if you would kindly have the same, inserted free of charge, if possible, in the Official Gazette and other publications.

I have communicated the same to the Governments of the Provinces of Bombay, Madras and Sind and the Belgian Consulates in these Provinces.

With my best thanks in anticipation,

Note from the Belgian Consul-General.

Attention of the public is hereby drawn to the fact that foreigners desirous of settling permanently in Belgium must first provide themselves with the documents prescribed by the International Agreements (identity cards, passport, visa). Those Agreements are based on the principle of the strictest reciprocity.

To admit that a foreigner may enter Belgium with impunity in contravention of these Agreements, is to abolish at once the International Agreements, to the sole benefit of foreigners, without equal facilities for the Belgian Nationals who shall continue to be bound by these Agreements.

Strict instructions have been issued to the Police and the Customs Officers in order to prevent foreigners from entering Belgium who without being in possession of the necessary papers try to cross the Belgian boundaries.

1507

In order to encourage tourism and trade, the Belgian Consulates have been empowered to grant special tourastic or business Visas.

It has come to the knowledge of the Belgian Authorities that foreigners coming to Belgium covered by such visas, do not leave the country on the expiry of such visas and try to settle permanently in the country.

This attitude is inadmissible and the Belgian Government shall not tolerate foreignors who thus deliberately violate the rules and regulations in force and aggravate the econonic situation of the country.

Foreigners who wish to settle in Belgium with a view to practise a trade, carry on a business or to be engaged in manual labour, have to apply to the Belgian Consulates for information regarding the formalities to be complied with by them in order to be granted permission to settle in the country.

The applications for "permits de Sojour" in Belgium, submitted in due form, are to be considered by the Surete publique Belge, who will examine them with care in order to safeguard national economy and public peace.

No. G. 3165- -G. M. 62-38-2, dated 8th October 1938.

The following notification issued by the Revenue Sub-Divisional Officer, Puttur Division, South Kanara, regarding the holding of the annual cattle fair at Kulgunda in the village of Subramania, Puttur Taluk, South Kanara District, from 7th November 1938 to 21st November 1938 (both days inclusive) is hereby published for general information.

No. E.D.S. 918-21, dated 26th October 1938.

Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. I of 1927, the Government of His Highness the Maharaja of Mysore declare that the lands measuring 7 acres and 11 guntas be the same a little more or less, are needed for a public purpose, to wit, for forming a Road to Dhanagari Anicut and under Sections 4 and 7 of the same Act, the Assistant Commissioner, in charge of Mandya Sub-Division, is appointed to perform the functions of a Deputy Commissioner under the Act and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further direct that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in Section 9 (1) of the Act. A plan of the lands is kept in the Office of the Revenue Sub-Division Officer, Mandya, and may be inspected at any time during office hours.

PRESS COMMUNIQUE.

No. G. 4256—G. M. 77-38-2, dated 8th November 1938.

His Majesty the King Emperor has expressed his wish that on the 11th November this year, as in previous years, there should be a complete cessation of all normal business throughout the British Empire during the two minutes' silence commencing at 11 A.M. His Highness the Maharaja desires all his subjects to co-operate in giving effect to the wish of His Imperial Majesty the King Emperor. In order that the ceremony should synchronise throughout the State, it is suggested that 11 A.M. Railway time should be adopted.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

No. E. 1958—*Edn.* 177-38-2, *dated* 12*th December* 1938.

The accompanying *ad-interim* report of the Committee on Elementary Education is published for general information.

By Order,
M. VENKATESA IYENGAR,
Secretary to Government,
General Department.

AD-INTERIM REPORT OF THE COMMITTEE ON ELEMENTARY EDUCATION.

In their order No. Camp. E. 1-11—Edn. 201-37-1, dated 12th October 1937, Government appointed a Committee with the following personnel to go into the question as to why the expansion of Elementary Education that was hoped for when the Elementary Education Act of 1930 was passed was not realised and to make recommendations for securing better results :—

(1) *Rajamantrapravina* Mr. S. P. Rajagopalachari, B.A., B.L.,
First Member of Council (CHAIRMAN).

(2) Mr. N. S. Subba Rao, M.A. (CANTAB.), BAR.-AT-LAW,
Vice-Chancellor, Mysore University.

(3) Mr. E. G. McAlpine, M.A. (EDIN.), DIP.EDN. (EDIN.), V.D., J.P.,
Director of Public Instruction in Mysore.

(4) Mr. K. V. Anantaraman, B.A.,
Revenue Commissioner in Mysore.

(5) Mr. M. Venkatesa Inyenger, M.A.,
General Secretary to Government.

(6) *Khan Bahadur* Mr. Mahomed Abbas Khan,
Member, Legislative Council, Bangalore.

(7) Mr. D. V. Gundappa,
Member, Legislative Council, Bangalore.

(8) Mr. D. H. Chandrasekharaiya, B.A., LL.B.,
Member, Legislative Council, Davangere.

(9) Mr. H. R. Guruv Reddy, B.A., LL.B.,
President, District Board, Bangalore District, Bangalore.

(10) Mr. H. Lingappa, B.A., B.L.,
Chairman, District School Board, Shimoga.

(11) Mr. Sultan Mohiyuddin, M.A., LL.B., M.ED.,
Deputy Director of Public Instruction, Bangalore Circle.

Mr. Sultan Mohiyuddin will be Secretary to the Committee.

2. In a subsequent order No. E. 1575-88—Edn. 201-37-4, dated 27th November 1937, Government were pleased to add the following gentlemen to the Committee :—

(1) Mr. S. C. Malliah,
Member, Mysore Representative Assembly,
Somanahalli, Maddur Taluk.

(2) *Lokasevaniratha* Mr. Bale Siddalinga Setty,
Member, Mysore Representative Assembly,
Krishnarajanagara.

3. When Mr. M. Sultan Mohiyuddin, M.A., LL.B., M.ED., was appointed Officiating Director of Public Instruction, the Government in their Order No. E. 5771—Edn. 201-37-15, dated 5th July 1938, appointed Dr. K. N. Kini, M.A., PH.D., Deputy Director of Public Instruction, Mysore Division, as a member of the Committee and also Secretary thereof during the period Mr. Sultan Mohiyuddin continues as Director of Public Instruction.

4. The Committee have met four times till now. At the first meeting, after a full discussion of the terms of reference and their bearing on the subject, the following broad issues were formulated so as to cover all the subjects which the Committee have to consider :—

(1) Whether the policy in regard to the expansion and development of elementary education so far pursued has achieved the object in view, if not, what change in the policy is required.

(2) What modifications, if any, in the lines of expansion and development laid down in the Elementary Education Act of 1930 are required, in the light of the experience of the past seven years?

(3) How are the financial resources of the Local Education Authorities to be augmented to enable them to bear their share of the financial responsibility for the expansion and development of Elementary Education?

(4) How can the existing facilities for elementary education be improved :—

(*a*) Whether further consolidation and redistribution of Elementary Schools can be effected according to a well-defined plan in order to secure a more effective utilization of the existing resources.

(*b*) How can wastage in Elementary Education be avoided to ensure permanent literacy?

(*c*) What changes in the administrative and supervisory arrangements in regard to Elementary Education should be brought about in order to secure effective working of the schools?

5. The main questions of policy which the Committee have to consider are referred to in Items I, II and III mentioned above. Before entering into a detailed discussion of these questions, it is considered desirable to make a rapid survey of the progress made so far, especially during the last thirty years.

6. Though the beginning of a definite policy of mass education is traceable to the year 1868, systematic and conscious efforts towards the ultimate aim of universal Elementary Education may be stated to have commenced about 1910. The policies underlying these efforts since 1910 may be divided into three stages corresponding to the three decades following the year 1911-12.

7. The first stage, *i.e.*, from 1911-12 to 1921-22 was one of phenomenal quantitative expansion. The Government accorded sanction to a scheme by which the village was made responsible for maintaining the primary schools, the Government giving a grant from Rs. 5 to 7 to each school, it being understood that the villagers would contribute the other half of the teacher's salary either in cash or kind. The enthusiasm of the people was so great that in the year 1918-19 the expansion reached its peak with 9,596 elementary schools for boys and girls with a total enrolment of 2,43,172 while in 1910-11 there were only 2,077 schools with a total enrolment of 75,804. Even making allowance for some over estimation, it is undoubted that rapid progress during this period both in numbers of schools and of scholars is discernible. This state of things was unfortunately not of a permanent character. When the first flush of enthusiasm abated, the villagers failed, in many cases, to pay their contribution with the result that the only remuneration that the teacher got was the salary grant received from the Government. The economic depression and the prevalence of epidemics following that year further aggravated the situation, in that the parents withdrew their children from schools to lend a helping hand in their economic struggle.

8. The second stage commenced when on the report of the then Inspector-General of Education, the Government issued orders on 25th May 1921 laying down the following principles, *viz.*, (1) that the efficiency of schools should be improved and educational facilities enlarged and properly adjusted according to the population of the localities and (2) that local bodies should take over control and bear a fair share of financial responsibility by levying an educational cess of one anna in the rupee on certain items of revenue, *viz.*, land, excise and forest. Aided schools were to be converted into Government institutions and the pay and prospects of the teachers were to be improved. As a result of this policy, the number of aided schools decreased and the number of Government schools increased; but there was an appreciable fall in the total number of schools, as could be seen from Table I (Appendix A).

9. In the meanwhile, the District Boards of Bangalore and Chitaldrug agreed to levy the Education Cess at the rate of only half an anna in the rupee. Three more Boards, *viz.*, Hassan, Shimoga and Tumkur came into line a little later and the remaining Boards later on. Very few municipalities, however, levied the cess. The expenditure on primary education for boys rose from Rs. 12,11,579 in 1920-21 to Rs. 16,92,394 in 1930-31, of which the increase in expenditure from State funds was from Rs. 4,36,566 to Rs. 13,11,153.

10. The present decade from the year 1931-32 which constituted the 3rd stage in the development of Elementary Education in the State commenced with a comprehensive piece of legislation, *viz.*, the Elementary Education Act of 1930 as a consequence of which there came into existence eight District Local Education Authorities (District Boards) and four Town Local Education Authorities (Municipalities) to whose administrative control were transferred from 1st July 1931 all Government Primary Schools, and village aided schools (in Districts) situated in the respective local areas with their staff, buildings, equipment, etc., and who were charged with the responsibility for the consolidation, expansion and development of Elementary Education within their respective limits of jurisdiction. An Eelmentary Education Fund was constituted for each Local Education Authority to which were transferred the amounts spent from the State Fund and the proceeds of the Education Cess wherever they were levied during the financial year 1930-31.

11. It was expected that the Local Education Authorities would augment their resources by levying in the area under their jurisdiction an education cess or an additional education cess on certain items of State revenue, revenue forming part of the District Fund, and Municipal Tax and undertake comprehensive schemes of expansion during the decade commencing from the year of the transfer of control (1931-32) so as to provide a sufficient number of school places for all children between the ages of 6 and 12 years within the local limits of their jurisdiction with at least one school for every Village Panchayet in the Districts. The Act also enjoined on the Local Education Authorities (*vide* section 33) that they shall, within a period of ten years after it came into force, submit to Government a programme of compulsory education of all children between the ages aforesaid throughout the local area of their jurisdiction.

12. The statement of schools and scholars during the 7 years noted in Table 2 below shows that the Local Education Authorities have not made any appreciable progress either in augmenting the number of schools or their strength :—

TABLE 2.

Year	Boys		Girls		Percentage of boys to total male school-going population	Percentage of girls to total female school-going population

1936-37 ...	5,868	2,31,684	487	33,415	47·0	7·9

* The figures for 1930-31 were calculated on the Census population of 1921. For figures from 1931-32, Census of 1931 is taken.

13. The number of primary schools for boys has risen by barely 8 and the strength by less than 9,000 in six years. The number of primary schools for girls has fallen by 51 and the strength has increased by less than 2,000. The decline in the number of schools for girls is accounted for by the amalgamation of girls' schools with those for boys in areas where their strength had not reached the "economic limit," namely, an average strength of 25 and the average attendance of 15 in Maidan schools, and 20 and 12, respectively, in Malnad schools (*vide* Rule 50 (1) under the Act), as an item in the policy of consolidation of educational provision.

14 The Government, however, sanctioned a scheme for the establishment of grant-in-aid schools with effect from 1935-36 and their contribution made on a progressive scale amounts to Rs. 50,000 in the current year. Only two Local Education Authorities (Kolar Gold Fields and Mysore District) have made attempts to meet their quota of 50 per cent as required by the Act of 1930 and have succeeded only partially till now. The other Local Education Authorities pleaded complete financial inability to furnish their quota and hence the schools started in their jurisdictions remain as Departmental Aided Schools.

15. Viewed also from the point of view of efficiency of elementary education as judged by the improvement in permanent literacy, the results are equally disappointing. The figures in regard to wastage embodied in Table 3 disclose the fact that while out of 100 boys in I year class in 1927-30, 39·2 proceeded to II year in the subsequent year and 31·6 and 22·0 to III and IV year classes respectively in the following years, the corresponding figures for the four years from 1933-34 to 1936-37 were 100, 34·7, 27·0 and 22·7. The percentage of boys who completed the IV primary course and who may be considered to have got that standard of education which would enable them to be permanently literate has not materially increased under the administration of Local Education Authorities, and this in spite of the efforts of the Local Education Authorities at consolidation and redistribution of schools to achieve better results by amalgamating boys and girls schools and also those meant specially for Adikarnatakas with general schools, by shifting lingering and ineffective schools and opening them in more deserving areas, and by the revision of the scales of salaries of staff in some cases.

16. It would be interesting to note here that in British India, of the 100 pupils that enter the first primary class, only 23 pass out of the fourth primary class, which is also very nearly the case in Mysore.

17. The survey shows that little progress has been made during the last decade either in expansion of elementary education or in combating illiteracy. The hopes entertained at the time of the passing of the Elementary Education Act that a great fillip would be given to expansion have not been fulfilled and the present state of things in regard to progress of elementary education indicates that the scheme as outlined in the Elementary Education Act has been practically a failure so far as expansion of elementary education is concerned. Many causes have contributed towards the disappointing result; but the more important of them may be classified as follows:—

(1) Under the scheme of the Act, responsibility for promulgation of expansion schemes has been somewhat divided. It is fixed no doubt first on the local bodies and in the event of their failure upon Government with the result that local bodies did not or would not realise their responsibility to the full and adopted a waiting attitude. The Government too did not want to force them.

(2) This passive attitude was due to a great extent to their inability and reluctance to propose any scheme which directly involved their furnishing their quota of the cost which could be done in most cases only by having recourse to the levy of fresh taxation.

(3) The local authorities were no doubt influenced by the fact that such a course would an be unpopular one at a time of agricultural and general depression.

Thus the unwillingness of the general public to shoulder further financial burdens at that time ultimately contributed to no small extent towards the want of progress which has characterised educational activities of the Local Education Authorities during the last eight years.

18. The main obstacle in the path of expansion of elementary education has undoubtedly been finance. The weak financial position and the consequent need to have recourse to immediate further taxation have deterred the local education authorities from taking any forward step. The Committee consider that, however difficult the question of finance may be, the present state of stagnation cannot be allowed to continue any longer without detriment to the larger interests of the State and that some forward step must be taken immediately. What the nature of the step should be and how it could be financed were matters which engaged the attention of the Committee for some time. The two main principles kept in view were that substantial progress should be achieved as early as possible and that the measures, especially the financial arrangements, should be on the lines of least resistance, which should be acceptable to a large portion of the public. The Committee feel that some immediate action is necessary in this respect without waiting for a full discussion of the various other questions raised regarding methods of administration and of control which could be discussed later on. They therefore decided to send up an *ad interim* report with their recommendations on this important point.

19. They are unanimously of opinion that immediate measures must be taken to continue the rate of progress and expansion of elementary education, which were the characteristic feature in the earlier decades of the century and for this purpose would recommend the adoption of the scheme which is outlined below. The essence of their scheme is that every village in the State with a population of 500 and above should be provided with a school immediately. The limit of population, *viz.*, 500 may have to be reduced to 300 in the case of the malnad which is sparsely populated and where it is really difficult to get villages with a population of 500 and over. Appendix C shows that Shimoga has only 14 such villages without a school and Kadur about 50. For an equitable distribution of educational facilities, it will be necessary to select a fair number of villages with a population between 300 and 500.

20. Most of the villages are now formed into Village Panchayets either singly or in groups. There are about 11,500 such Village Panchayets at present and the number of schools will roughly be about 6,300. The number of Village Panchayets with a population of 500 and above in the maidan and the more important of the villages with a population between 300 and 500 in malnad which at present have no schools will number about a thousand. A list of these villages with a population of 500 and over in which there are no schools numbering about 750 is given in Appendix C. The Committee recommend that about 1,000 schools should be started so as to provide for a school in every important village with the population referred to above. It would not be possible to start these thousand schools in one year, as the necessary staff and training schools will not be available immediately. It is therefore proposed that these thousand schools should be established in the course of next four years, 250 of them being started in each year so that the persistent and genuine public demand for more schools may be met to a large extent. Fifty per cent of the schools in comparatively larger centres may have two teachers on scales Rs. 17–1–20 and Rs. 15 and the remaining 50 per cent in comparatively smaller centres may have one teacher each on Rs. 15.

21. We next come to the crux of the whole matter, *viz.*, Finance.

Details of cost have been worked out in Appendix B, a perusal of which will show that at the end of the fourth year the recurring cost will be Rs. 3,04,650 on the staff and Rs. 30,465 as indirect expenditure on inspection, administration, training of teachers and scholarships (all taken at 10 per cent of the recurring cost). Non-recurring cost, *viz.*, for equipment calculated at Rs. 150 per two-teacher school and Rs. 100 per one-teacher school would amount to Rs. 31,250 per annum during each of the four years. Cost of building is excluded on the assumption that the Village Panchayets have to furnish the buildings free of cost to the Local Education Authorities and the Government. Thus, the total cost will amount to Rs. 3,35,000 recurring per annum and Rs. 1,25,000 non-recurring for the first four years.

22. To meet this total cost, the Committee propose that the Local Education Authorities should be asked to raise the Education Cess from six pies to nine pies in the rupee. The cess collection at the former rate (6 pies) is at present about Rs. 5,50,000 a year. At the enhanced rate of 9 pies, an additional sum of Rs. 2,75,000 could be added to the resources of the Local Education Authorities. As per Section 29 of the Elementary Education Act, Government will have to bear not less than one-half of the recurring and non-recurring cost and the Local Education Authorities will have to bear the rest. Assuming that the two agencies contribute each half the amount, an additional sum of Rs. 5,50,000 can be secured for the expansion of elementary education. Any amount realised over and above what is immediately necessary during the first few years may be utilised temporarily for improvement of elementary education in the areas concerned.

23. In some districts it is considered that it is not likely that the proceeds of the Railway Cess (of three pies in the rupee) would be utilised in the near future for the extension of railways or other communications and it is proposed that the amount that could be spared from the levy of the cess may be earmarked for the expansion of elementary education, if the District Boards agree to this procedure, whether it be in lieu of the additional education cess here proposed or in addition to it.

Messrs. D. H. Chandrasekharaiya and S. C. Malliah, while approving of the necessity of the above scheme of expansion, dissent only in the matter of the levy of the extra education cess of three pies in the rupee to meet the cost of expansion in the districts. They are of the opinion that the entire cost of the proposed scheme should be borne by the Government.

24. The above recommendations dispose of, partly at any rate, the first broad issue raised in the beginning of this report and, to some extent, the third. We have been considering the second and fourth issues also. The Director of Public Instruction has been requested to collect some data not found usually in the administration reports of the Education Department but which are vitally necessary for coming to correct conclusions.

25. The Committee reserve for further consideration the other important questions in connection with the terms of reference. Next to the question of expansion, the most important of them is the question of administration, *i.e.*, whether elementary education should be administered on the lines of the present Act or whether the State should take that responsibility as suggested in certain quarters. Questions relating to avoidance of wastage in elementary education by making continued attendance after a boy joins a school compulsory for a specified number of years, adjusting the courses of study so as to ensure permanent literacy in students, the feasibility of introducing any scheme on the lines of the Wardha Scheme or any other scheme and the desirability as to whether there should be any kind of compulsion, will be considered by the Committee later on and a further report submitted to Government.

26. The object of this *interim* report is to bring the urgency of the question of expansion before the authorities concerned and to enable the local bodies, after due sanction of the proposals by Government, to take all necessary steps well in advance. The Committee would suggest, if there is no objection, the publication of the report for the information of the general public.

APPENDIX B.

The cost of starting 1,000 Primary Schools in the State, fifty per cent of which in comparatively bigger villages will have two teachers with scales Rs. 17—1—20 and Rs. 15 and the remaining 50 per cent in comparatively smaller villages will have one teacher on Rs. 15 is estimated below, it being taken that 250 schools will be broght into existence each year during the next four years, 125 of them being two-teachers and 125 being one-teacher schools.

Total annual recurring cost of establishing the proposed 250 schools a year is therefore (Rs. 52,912½ plus Rs. 23,250) or Rs. 76,162½.

Non-recurring cost of equipment calculated at Rs. 150 per two-teachers School and Rs. 100 for one-teacher School is Rs. 31,250 per annum during each of the four years.

(Cost of buildings is excluded on the assumption that the Village Panchayets will have to furnish the buildings free of cost to Local Education Authorities and the Government.)

The recurring and non-recurring cost during each of the four year period will be :—

No. G. 5807—*Mily.* 121-38-2, *dated* 13*th December* 1938.

Competitive Examination for entry to the Indian Military Academy, Dehra Dun, and the Royal Indian Navy.

The following notice dated the 19th November 1938, issued by the Government of India, Defence Department, calling for applications for admission to the Examination mentioned above, is published for general information.

Candidates from the Mysore State who desire to appear at the Examination are required to submit their applications with necessary documents to the Secretary to Government, General Department, on or before the 26th December 1938.

Each candidate for the Examination for entry to the Indian Military Academy, Dehra Dun, who is eligible for and desires a King Emperor's Cadetship, should fill in and submit a copy of the form of particulars relating thereto with his application.

A declaration by the parent or guardian of the applicant in the form prescribed should be submitted if he is a candidate for the Royal Indian Navy Examination.

Copies of the rules, syllabus, application forms, etc., can be had in the General and Miscellaneous Branch of the General and Revenue Secretariat, Bangalore.

By Order,

M. VENKATESA IYENGAR,

Secretary to Government,

General Department.

DEFENCE DEPARTMENT.

New Delhi, the 19*th November* 1938.

NOTICE.

No. 1341.—A competitive examination for entry to (1) the Indian Military Academy, Dehra Dun, in the term beginning on or about 20th August, 1939, and (2) the Royal Indian Navy will be held in Delhi on Monday the 27th March, 1939, and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in the Indian Military Academy and the Royal Indian Navy. A candidate may apply to be admitted to the examination for all or any of the above. If he wishes to be admitted as a candidate for more than one, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for more than one he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to any one.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General-in-Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. Two vacancies will be offered for admission to the Executive Branch and one to the Engineer Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. All candidates on joining the Indian Military Academy may volunteer to be considered for the technical arms, and will be given a test examination in Mathematics. Those who show a satisfactory standard of knowledge will be formed into a Preparatory Woolwich Wing during the 1st and 2nd terms.

At the end of the 2nd term the Commandant will select the cadets to form a Woolwich Wing.

5. Candidates for admission to the Indian Military Academy must have been born not earlier than 2nd May, 1919 and not later than the 1st May 1921. Candidates for the Royal Indian Navy Examination must have been born not earlier than 2nd October 1919, and not later than the 1st October 1921. *These age limits can in no case be relaxed.*

6. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with the instructions given on that form. Applications must reach the Collector or Deputy Commissioner, or the Political Officer or Agent or the Principal, Prince of Wales' Royal Indian Military College, Dehra Dun, on or before the 24th December 1938. Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned.

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

Note.—If any candidate has appeared at the examination held in October 1938, for entry to the Indian Military Academy or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in March/April, 1939, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the March/April examination will be cancelled.

C. MacI. G. Ogilvie,
Secy. to the Govt. of India.

LOCAL SELF-GOVERNMENT SECRETARIAT

No. L. 4715—*V. P.* 41-38-2, *dated 9th December* 1938.

In exercise of the powers vested in them under Section 29-A (1) of the Mysore Village Panchayet Act, as amended from time to time, the Government of His Highness the Maharaja are pleased to prohibit the erection of any building within a width of 100 feet on either side of the Madras-Cantonment Road, from the Bangalore City Municipal boundary up to the Old Distillery, within the limits of the villages of Byatarayanapura and Kari Thimmanaballi, Kasaba Hobli, Bangalore Taluk, except with the permission granted by the Deputy Commissioner, Bangalore District, in this behalf.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

CHIEF SECRETARIAT.

No. R. 2823—*L. R.* 89-38-10, *dated* 13*th December* 1938.

Under the powers vested in them by Section 233 of the Land Revenue Code, and in pursuance of the orders issued in Government Order No. R. 2819-27—L. R. 89 38-9, dated 13th December 1938, the Government are pleased to direct that the undermentioned sentences occurring in Rule 43 (5) be deleted and a fresh paragraph be inserted as Clause 43 (8) as shown below, the present Clauses 8, 9 and 10 being renumbered as 9, 10 and 11, respectively.

"The lands thus given shall not be alienated for a period of twenty years and the grantee shall execute a Mutchalika to that effect in the form prescribed by Government. This shall not, however, prevent the land being accepted as security for any loan which he may wish to obtain from Government or from a Co-operative Society for the *bona fide* purposes of improving the land."

"43 (8) occupancies granted to applicants belonging to Depressed classes under Rule 43 (5) above and those granted by Government free of upset price or reduced upset price to poor and landless people of other communities or to religious or charitable institutions, shall not be alienated and the grantees shall execute Mutchalikas in the form prescribed by Government. This shall not, however, prevent lands granted to Depressed classes under Rule 43 (5) being accepted as security for any loan which they may wish to obtain from Government or from a Co-operative Society for the *bona fide* purposes of improving the land."

2. They farther direct that the following sentence be added at the end of Para 1 of Rule 47 of the Rules.

"The sites given free shall not be alienated by the grantees to any other person."

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

CHIEF SECRETARIAT

No. P. 5269—*G. G.* 20-37-11, *dated* 13*th December* 1938.

Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. I of 1927, the Government of His Highness the Maharaja of Mysore declare that the lands mentioned below with the same a little more or less, are needed for a public purpose, to wit, for New Road from Kankanhalli Road to join Hosur Road, and under Sections 4 and 7 of the same Act, the Assistant Commissioner in charge of Bangalore Sub-Division is appointed to perform the functions of a Deputy Commissioner under the Act and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further direct that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in Section 9 (1) of the Act. A plan of the lands is kept in the Office of the Bangalore Sub-Division Officer, and may be inspected at any time during office hours.
